

LIGHTING INCENTIVE APPLICATION INSTRUCTIONS

ELIGIBILITY

- These incentives are for replacement lighting systems only in a non-residential structure.

REQUIREMENTS AND CRITERIA

- The replacement lighting must be installed at a location served by the Cooperative.
- The program is designed to accelerate the removal of inefficient lighting fixtures.
- Once project is complete, an application along with a dated and itemized invoice with quantity, manufacturer, model number and cost for each piece of equipment must be submitted within 60 days of completion in order to receive an incentive payment.
- The maximum rebate amount will be \$1,000 per location. Minimum of 10 fixtures need to be replaced.
- Please allow 45 days for delivery of incentive via check. The application for rebate must be made by December 31 of the current year.
- CFLs and GU-24 must be ENERGY STAR® labeled in order to qualify for any incentive.
- Replaced equipment must be removed from service with any and all hazardous waste components recycled.
- Equipment must be installed and operating prior to submission of application.
- Refer to the attached table for eligible lighting replacements/retrofits and corresponding rebate amounts.

HOW TO APPLY

1. Complete the following rebate application.
2. Attach a dated and itemized invoice with quantity, manufacturer, model number and cost for piece of equipment for which you are requesting a rebate.
3. Return completed application and supporting documentation to:
Sioux Valley Energy
PO Box 216
Colman, SD 57017
